

Press Release

TPG The Project Group to expand global partner network at Microsoft Project Conference 2009

World's top event for Microsoft Project takes place 14-17 September 2009 in Phoenix, AZ

Munich, Germany. 7 July 2009 – TPG The Project Group, a full-service provider of enterprise-wide project management (EPM) based on Microsoft Project Server, announced today that it will be participating in the Microsoft Project Conference as a Platinum Sponsor. At the event, TPG is looking to meet potential partners with a high level of EPM expertise to expand its international partner network. The conference, now in its fifth year, remains the most important in the EPM area and is being held in Phoenix, AZ, from 14 to 17 September 2009. It is a forum for Microsoft-based EPM that brings together experts and interested parties from around the world. At this year's event, participants are particularly looking forward to a preview of Microsoft Project 2010, the upcoming new version of the EPM platform.

As a Microsoft Gold Certified Partner, TPG will be showcasing services and products that extend the ways in which Microsoft Project can be used. A special highlight is its flagship solution, TPG PSLink, which integrates Microsoft Project with SAP. TPG is active in both North and South America through its subsidiary, TPG America, which sells the entire TPG product range and provides implementation services and training courses on Microsoft Enterprise Project Management.

Information about the conference is available at www.msprojectconference.com

About TPG The Project Group

TPG The Project Group GmbH, based in Munich, Germany, is an international full service provider for enterprise-wide project management. The company is a Microsoft Gold Certified Partner whose services include consulting, implementation, hosting, products and training on project management and Microsoft Project. TPG's comprehensive and leading product portfolio is built on the significant implementation experience the company has acquired since it was founded in 1998. TPG PSLink® is the world's leading product for integrating Microsoft EPM with SAP. TPG's range of products and services is complemented by public seminars on Microsoft Project for users and administrators and on PMI methodology (Project Management Institute). TPG increases the maturity level of its customers' project management, making a significant contribution to their business success. It sells its products and services via its offices in Germany, Austria, USA and UK, as well as through an international network of authorized partners. TPG's customers are large and mid-sized companies in all industries, including AOL, Audi, Bosch, BAE Systems, EON, GE, Harman, Infineon, MAN, Microsoft, SAP, and Siemens.
